

Juliet T.H. Walker
President

Juliet Walker has ten years of planning and community development experience, including two years in a unit of the National Park Service. She joined Taintor & Associates in 2003 and has participated in comprehensive, strategic, and community development plans as well as zoning and site plan review in several communities. These projects have included:

- ***Essex Heritage Scenic Byway Corridor Management Plan***, Essex County, MA
- ***Boston Chinatown Master Plan***
- ***Community Planning*** for Essex and Concord, MA
- ***Community-Wide Visioning*** Keene, NH
- ***Southern NJ Pinelands Natural Heritage Trail Corridor Management Plan***
- ***Development Review and Zoning Drafting*** Newbury, MA
- ***Master Planning and GIS Mapping Services*** Somerset, MA and Salisbury, MA
- ***Comprehensive Zoning Review and Revision*** for Portsmouth, NH and Springfield and Wareham, MA
- ***Open Space and Recreation Plans*** North Reading, Sandwich, and Dedham, MA
- ***Little River Transit Village Study Buildout Analysis and GIS Mapping*** Newbury and Newburyport, MA
- ***Town Center Zoning Analysis*** Lexington, MA
- ***Scenic Roadway Program Management*** RI Department of Transportation

PRIOR EXPERIENCE

**John H. Chafee Blackstone River Valley National Heritage Corridor Commission:
Community Planner (2001-2003)**

- Coordinated innovative planning strategies related to landscape protection, community planning, and land conservation for enhancing the quality of communities and natural areas.
- Oversaw consultant planning studies, including Blackstone River Watershed Buildout Analysis, Blackstone Canal Feasibility Study, and Urban Environmental Design Review Manual.
- Developed and implemented initiatives for the Blackstone Valley Institute, an information-sharing and training resource for local officials focused on community planning and leadership.

Great Meadows Conservation Trust, Wethersfield, CT: Student Planning Consultant (2001)

- Responsible for the completion of a conservation management plan, including field work and independent research.
- Prepared GIS maps of resource inventories and existing conditions.

Connecticut River EDA Economic Adjustment Project, Office of Geographic Information and Analysis, Amherst, MA: Project Assistant (2000-2001)

- Used GIS analysis to contribute to a regional assessment of the economic growth potential and environmental considerations of towns bordering the Connecticut River.
